

UFNF Raith 150 User Training Procedure

Note: There will be no SOP written for the Raith 150

1. Fill out the following Lab Use Request form (only one form is needed per user).
<http://www.phys.ufl.edu/nanofab/user.html>. Training will only be provided to those that have an immediate need to use the Raith.
2. Read the training material in the order listed below.
 - a. Read the “Beginners Litho Guide”
 - b. Browse through the file “Manual Raith 150.pdf”, no need to study in great detail as you will learn some of this info “as needed”.
 - c. Print a copy of the “Tutorial” and bring it with you to training.
The files are located in the directory C:\Raith_150_Users_Training\ on the Raith Training Computers located on the table as soon as you enter room B159
3. Schedule “Hands On” training with UFNF Staff.
