Instructions

1. All problems will be graded and will be tabulated to generate a final score. Therefore, you should submit work for all of the problems.

2. For convenience in grading, please write legibly, use only one side of each sheet of paper, and work different problems on separate sheets of paper. This cover sheet should be signed, dated, and returned as the cover sheet of your work. All of the sheets will be stapled together. If you do not work a problem, you must provide a blank sheet that designates no work was submitted.

3. Avoid writing too close to the upper left hand corner as the staple is placed in this area.

4. PLEASE PRINT your NAME, the Problem Number, and the Page Number (if more than one sheet is used for a problem) in the upper right hand corner of each sheet of work.

5. All work must be shown to receive full credit. Work must be clear and unambiguous for full credit.

6. There are a total of 30 points possible.

7. It is suggested that you read through the exam before starting and that you might consider working the “easiest” problems before starting the “hardest” ones. Return to check your work if you have time.

DO NOT OPEN EXAM UNTIL INSTRUCTED
